

airzone purifiers

Domestic Ozone Generator Air or Water Treatment

APPLICATIONS

- Destroy micro-organisms
- Remove harmful chemicals
- Detox
- Purify drinking water
- Deodorising air and water
- Skin ailments
- Treat spa or bath water
- Air Purifying
- Smoking areas
- Mould removal (cupboards)
- Toilet deodorising
- Olive oil treatment
- Remove cooking smells

Technical Detail

Model	: Aquazone HV-102T
Input	: 220 V
Ampere	: 50 mA
Frequency	: 20 KHz
Ozone Output	: 150 mg / hr (air fed)
Maximum Water Treated	: 150 L/hr at 0.1 ppm
Generation System	: Corona discharge
Ozone Distribution	: Air pump, pipe and air stone
Dimensions	: 300 x 200 x 115 mm
Adjustability	: Timer
Enclosure	: Plastic
Type	: Tabletop or wall mounted
Weight	: 2 kg
